

# Why Did He Leave Me?

## The 5 Mistakes Women Make and How to Fix Them

You have met the man you want to marry. Your heart skips a beat every time you get so much as a text from him. You go weak at the knees when you see him. He's great looking, romantic and a true gentleman. You envision a future with this man – your friends love him and he's passed muster with Mom.

**Then...BAM! He is gone**  
**What happened?**

### Mistake #1:

**You no longer were a challenge.**

You were all in – and he knew it!

He conquered you – and then he moved on.

#### Fix it:

Change your routine.

Play it cool – be aloof.

Find a new hobby or passion

Go out-have fun

**Men are competitors.**  
**We love a challenge!**

### Mistake #2:

**Too much pursuit, too soon.**

You started talking about our future.

You're dressing us & telling us what's best. If we don't contact you for a day, you ask if everything is okay.

#### Fix it:

Save your nurturing for your kids.

Learn how to fool us into thinking we're in control.

Don't push us.

**Men need to take control. We need to feel like the pursuer.**

### Mistake #3:

**You hold us in contempt.**

You judge us based on past experiences.

He's dressed like a slob –he's broke.

He's too nice, must be a pick-up artist.

He's too smooth with the lines.

#### Fix it:

Make a list of how you want to be treated and accept nothing less.

Let his actions speak louder than his words

**We see through you. We have a contempt filter and we will run away when we sense it.**

**Keep things interesting by having your own interests. Be challenging to us.**

### Mistake #4:

**You made us your hobby.**

You dropped all of your friends to spend time with us.

You stopped shooting for your dreams & ambitions & focused all your energy on us.

#### Fix it:

Join in our hobbies.

Find your own hobbies outside of us.

Maintain your own social network outside of us

### Mistake #5:

**You give us sex too soon**

You think if you don't give us sex soon enough, we will leave. If a man leaves for this reason, he only wanted you for sex.

#### Fix it:

Decide what you want from a man & how you want to be treated. WHEN we prove through our actions we can treat you how you want to be treated, THEN have sex.

**We will say and do anything for sex. Make us earn our way into your bed with our actions.**

### A few things you can do to find out

#### Jealousy Test

Pretend to respond to a text from your ex and see how he responds. Dress particularly hot and see how he reacts when men notice.

"Bump" into your family or friends (or his). Notice the interactions. How much respect do they have for him?

#### Day or Morning Date

A daytime or morning date significantly reduces a man's chances to get into your pants. Schedule one and see if he comes.

Ask him to join you on a date doing something you love. It might put him out of his comfort zone but if he is interested in you, he will do it anyway!
